

High Technology Centers (Computer Laboratory)

GIFT offers a high tech computer laboratory, which are fully equipped with the latest Pentium computers and a wide variety of software. It has latest model laser printers to facilitate our students with printout facility where needed. A team of qualified professionals assists and guides our students along with the maintenance of laboratories.

Seminar Hall

A spacious Seminar hall is there to serve for curricular, co-curricular and extra curricular activities. The hall is adorned with modern high technological equipment to offer the users a facilitated environment for presentations and event management like seminars, workshops, celebrations and so on.

Complete boarding and lodging facilities are provided for students coming from other cities. There are separate hostels for boys and girls. The limited seats will be filled on first come first served basis.

We have arranged for a modern and well-served cafeteria of international standard at the campus. The cafeteria is separately located from the academic environment.

For inculcating the spirit of sportsmanship in the students a sports club is working under the Physical Education Department of GIFT. Separate grounds have been arranged for this purpose, that meet the requirements and specifications of various games in the campus.

Messages from the Parents

This is an era of Science. In this expanding hi-tech world, there are rapid technological changes, continuous advances in various fields and new challenges. Like many other under developed cities of Pakistan, Gujranwala is desperately craving to come out of the vicious circle of "poverty" to meet the challenges of new world. No one can deny the fact that the modern scientific education is must for progress and bright future. And GIFT College is participating a lot in this respect.

It is the matter of great pleasure that my son secure excellent marks and distinction while studying at GIFT. Many students who got education from this institute are on their way to win name and fame in the area of practical life. The efforts made by staff and college administration can be seen from the remarkable results of this institute.

I hope and pray that at this speed of progress the college will rise to new heights.

With best wishes.
